#13 Lido Drop-Stitch Scarf/Shawl
There is no problem with the pattern, but some knitters have been confused by the construction. These instructions will make it clearer: The cast-on stitches form the 68” width of the scarf – the stitches are joined to knit in the round. The rounds form the 12” length of the scarf. The gauge does not match the final measurements, which are the result of the dropped stitches created at bind-off. Please follow the gauge while knitting for best results. The last 25 stitches, unriaveled when the piece is still in the round, create the fringe. By severing the long strands down the center, the 10-11” fringes are created at each scarf end – secured by braiding the strands in groups of 3 and tying a knot at the end of each fringe.

PATTERN STITCHES, Openwork Pattern: Set-Up Row is given so you can to work gauge swatch correctly. It is NOT included in written pattern for RIGHT FRONT, as first 12 rows of RIGHT FRONT are written out. For RIGHT FRONT cast-on’s, work cast-on’s at end of every other WS row, not at beginning, as follows:

(WS) Cast on 3 sts at end of this row, then every other row...

NOTE: If you prefer, you may work across the WS row and then cast on 3 sts at beg of following RS row. Changing the cast-on’s from beg to end of the row is the only actual correction for this pattern. The rest of pattern is correct as written. However, if you have difficulty working shaping and stitch pattern at the same time, you may follow shaping chart below for your size.

Note: Not all cast-on rows are given. Work rem cast-on rows same as 1st 8 cast-on rows.
